Subject: RE: LP11 - sealant color for CW SD window
Date sent: Thu, 3 Mar 2022 09:00:33 +0000

Dear Yuen (Midi),

As confirmed by Sino today, please find the attached our comments on your proposal. To summarize:-

1/ Apart from your mentioned locations, silver champagne sealant is to be applied at interface between mullion and glass protective barrier at curtain wall.
2/ For the rest of the concerned areas, standard colour - grey, is to be applied. Please coordinate with Polyfair as Herbert has confirmed with them on site at VMU with actual sample.

Thank you.

Regards,

Marina Tong
